Miss C. Gwendolyn Cayley,

University of Toronto Library.

Dear Miss Cayley:

I have to-day a letter from Mr. Lanston, the Librarian, sending your application for leave accompanied by a letter from your doctor, recommending that leave should be granted from the first of June to the end of September on condition that you provide your own substitute, coupled with the stipulation that you should submit monthly reports of progress either from your own doctor or from whatever other medical man is attending you during the period, and that you should spend these months of leave in some approved place on this continent. If you are willing to take the leave on these conditions I will recommend it at the next meeting of the Board of Governors.

Yours sincerely,

President.
